Post Summary

We're looking for a Fundraising Manager who can transform our routine fundraising and lead expert strategies for income generation. This role is best suited to an experienced solo fundraiser who is confident in managing multiple streams of income, but we welcome applications from any fundraiser with a diverse skillset and collaborative way of working.

We are currently implementing a pay grading system at Free Tibet, offering increases with each year of service. The salary for this position starts at £40,000.

About Free Tibet and Tibet Watch

Free Tibet is a campaign group (UK company) that brings human rights abuses in Tibet to international attention through parliamentary advocacy, media outreach, and mobilising thousands of supporters for change.

We stand with Tibetans around the world. For their homeland, for their future and against China's brutal occupation. We keep the eyes of the world on the atrocities being committed in Tibet and lead effective campaigns to push back.

Free Tibet's work is supported by our research partner Tibet Watch (UK charity), which gathers crucial information from occupied Tibet, one of the most closed-off places in the world.

Tibet can be free. It must be free – and one day it will be. Together we bring that day closer.

Location

Our main office is in Brixton, south London. Free Tibet has eight staff members. We expect the post-holder to be in the office at least one day per week with some evening availability for events and board meetings. Unfortunately, we cannot support relocation, so can only accept applications from candidates with the right to work in the UK.

Fundraising Manager

Perks

Benefits include flexible working hours (including a robust working from home policy), training and development opportunities, pension scheme, interest-free season ticket loans and a generous annual leave allowance (28 days plus public holidays of leave).

Equality, diversity and inclusion

Diversity is key to doing our best work for Tibetan freedom. We welcome applications from candidates with diverse professional and lived experiences. Both organisations have a strong policy against discrimination based on someone's age, gender identity, disability, marriage or civil partnership, pregnancy or maternity status, religion or belief, race or ethnic origin, sexual orientation, transgender status or socio-economic background. We welcome applications from those who wish to return to the workplace after a period of absence.

Studies have shown that women and people of colour are less likely to apply for jobs unless they meet 100% of the criteria. If you're excited about this role but your previous experience doesn't align perfectly with the job description, we encourage you to apply.

Suitably qualified Tibetan candidates are strongly encouraged to apply.
